MEAT INSPECTION BILL IS COMPLETED

MEASURE TO GO BEFORE HOUSE TODAY

Provides for Thorough Sanitary Regulations, With Penalty For Its Infringement

COST OF INSPECTION TO BE FEDERAL EXPENSE

WASHINGTON, June 13.—The House Committee on Agriculture agreed on a meat inspection amendment to the Agricultural Appropriation Bill at 6:30 o'clock tonight. It places the cost of inspection on the Government and makes an automatic appropriation of $2,000,000 a year to pay this cost.

All meat and meat products which enter interstate commerce must bear Government labels which guarantee that the product has been made of healthful meat and has been put up in a sanitary manner.

WASHINGTON, June 13.—A new inspection provision was completed by the House Committee on Agriculture today and will be presented to the House probably tomorrow. It is declared by the committee that the provision will insure that American meats and meat products are healthful, clean [illegible] wholesome and fit for food.

The important features of the legislation are that it places the cost of the inspection on the Government and makes an annual automatic appropriation of $2,000,000 to pay the expenses. It requires a rigid post mortem and antemortem inspection of all animals killed for food. It requires a Government label as a passport for all meat and meat products which enter interstate commerce and in addition to this label a certificate of purity to the carrier and to the Secretary of Agriculture for such products which enter foreign commerce.

Corps of Inspectors

To secure this label the product must be handled in accordance with sanitary regulations to be prescribed by the Secretary of Agriculture who is authorized to employ without regard to the civil service law [illegible] an adequate corps of efficient inspectors to supervise the enforcement of [illegible] regulations.

It prohibits the use of preservatives or chemicals deleterious to health in the preparation of meat foods and leaves the determination of this question to the Secretary of Agriculture. The [illegible] the product is to indicate the [illegible] but the date of manufacture is not required.

Proper Sanitation

The sanitary requirements which the Secretary is to prescribe and enforce must insure complete sanitation as to all buildings where slaughter houses or canning establishments [illegible].

Many penalties are provided for violation of the provisions. The common carrier is subject to a heavy penalty if he accepts for transportation any goods not bearing the Government label [illegible] certificate. The packers are subject to heavy penalty for false labeling as to contents of packages. [illegible] is to be allowed in sen[illegible] in the discretion of the secretary but in all cases the contents of the package must be stated.

Fines and Imprisonment

The violation of any of the regulations is made a misdemeanor punishable by a fine not to exceed $10,000 or imprisonment not to exceed two years. There is a special penalty for bribery of inspectors this being imprisonment for from one to three years and a fine of from $1,000 to $10,000, the same punishment being provided for the acceptance of a bribe by an inspector.

Farmers and small butchers are excepted from the operation of the regulations.

These conclusions of the committee were reached after three days of considerable following the exhaustive hearings held in connection with the official reports regarding conditions in the packing houses at Chicago and the statements of the packers and representatives of the livestock interests. The new measure represents the judgment of nine members of the committee as against seven who preferred the Beveridge amendment slightly [illegible]. A minority report will be [illegible] to the House by some of the dissenting members.

COTTAGES FOR LABORER

LONDON, June 13.—The Irish laborers cottage bill passed its [illegible] reading in the House of Commons today. The bill authorizes [illegible] £[illegible]00,000 to provide Irish laborers with cottages.

ADMIRAL M'CALLA RETIRED FROM THE NAVY

Man Who Led Relief Expedition Through Boxer Uprising in China, to Gates of Pekin and Saved the Legations is to go Into Private Life

WASHINGTON, June 1[illegible].—Orders were issued at the Navy Department today placing on the retired list on July 19 next one of the most picturesque and notable personages of the American navy, Rear Admiral Bowman McCalla, who led the forlorn hope of a relief expedition that first marched through the Boxer forces to Pekin and thereby saved the lives of the legations in 1900. Though the expedition was international in composition he took the lead with his American marines and blue jackets and carried the little force along by his own determination.

Rear Admiral McCalla is commandant of the Mare Island Navy Yard and station and earned high praise [illegible] service during the crisis in San Francisco following the earthquake. He will be succeeded in that command by Rear Admiral Henry W. Lyon, at present in command of the naval station at Honolulu.

SWEENEY BUYS MINE

CARSON CITY, June 13.—Attorney General Sweeney has purchased today one fourth interest in the famous [illegible] eighteen miles from this city. This mine has been and still is a great producer.

BRYAN WILL CONFER WITH RUSSIAN LEADERS

ST. PETERSBURG, June 13.—Wm J. Bryan and Mrs. Bryan arrived [illegible] from Berlin. They will remain here until Friday when they leave for Stockholm and Christiania on their way to London where Bryan will deliver an address on the Fourth of July. He expects to witness the coronation of King Haakon at Christiania and is due to arrive at New York August [illegible].

Bryan came to St. Petersburg to get a glimpse of the Russian parliament and to study at close range the epoch making political struggle which is [illegible]. He has arranged to visit the house tomorrow and confer with the leaders of the popular movement. [illegible] Mr. and Mrs. Bryan were the guests at luncheon at the [illegible] palace of Ambassador and Mrs. Meyer.

Bryan expressed his full endorsement of the plan of [illegible] to a meeting of the governors of States to secure concerted action looking to a constitutional amendment providing for the election of Senators by the direct vote of the people.

Young Bryan Returns

NEW YORK, June 13.—Wm. J. Bryan Jr. arrived today from Bremen on the steamer Kaiser Wilhelm II after having accompanied his father on his travels.

"I was surprised," said young Bryan, "to find how well my father was known wherever we traveled. The [illegible] him even in the wilds of India and in China. They knew too that he had never been president but [illegible]."

THE GOLD OUTPUT IS FAST INCREASING AT THE CAPITAL CITY

Over $250,000 in Gold Bars is Estimated to be the Average Yield From the Mint Which Many Believe Will Soon be Making Coins

CARSON CITY, June 13.—The influx of gold to the Carson mint is on the increase almost daily and the output of yellow metal bars is giving the place much of the appearance of activity that animated it before it ceased to be a maker of the coin of the realm.

The output per month in gold bars is about $250,000 and is still on the increase. It is believed by many that this activity is merely a prelude to the reopening of the mint to the coinage of gold and silver money.

WILL ASK CHILDREN TO REBUILD SCHOOLS

SAN FRANCISCO, June 13.—In behalf of more than twenty thousand school children in San Francisco who are deprived of educational advantages by the burning of thirty-four school houses, Alfred Roncovieri, superintendent of San Francisco's public school department, notified the people of the United States that a school reconstruction committee empowered to receive subscription for rebuilding destroyed school houses has been formed with Mayor Schmitz as chairman.

The appointment of a San Francisco school day in every state and territory is recommended by the school reconstruction committee when contributions may be made by school children throughout the land.

AN ECHO OF THE WRECK OF STEAMER VALENCIA

VICTORIA, B. C., June 13.—Collector of Customs John Newbury today received a letter from Rev. A. C. [illegible] of Masset Inlet on the northern coast of Queen Charlotte Islands reporting the finding of a scrap of paper in a perfume bottle with a message written in female hand writing purporting to have come from the Valencia. Part of a chart room five barrels of liquor and other wreckage from the Valencia was found [illegible] Queen Charlotte Islands. The bottle message reads:

"We are going down off the coast. F. F. Hayward." There is no date or other identification and the name of F. F. Hayward was not among the passengers or crew lists of the Valencia.

INSURANCE COMPANIES MAY NOT CUT PAYMENT

SAN FRANCISCO, June 13.—It has not yet been effected that at least sixty insurance companies will cut their payments of losses 25 per cent. The vote taken at the meeting in Reed Hall, Oakland, was not final and the strongest pressure is being brought to bear upon those who took the stand for a general slash to force them to withdraw from such a position. There will be another general meeting in Oakland within a few days. All the companies have wired to their home offices for instructions and as soon as they are advised they will get together to agree if possible on a course [illegible] shall govern all settlement.

D. O. MILLS' RAILROAD IS NOW PLANNING AN EXTENSION

Two Steam Shovels Just Purchased Are Evidence of Plan to Push the Virginia & Truckee Line Into a Closer Fight With the S. P. Co.

CARSON CITY, June 13.—Another evidence of the fight on between the Southern Pacific, of which D. O. Mills is a director, and the V. & T., which he owns, was brought out today when it was learned that the V. & T. has purchased two large steam shovels. This is significant. The V. & T. is going to extend its line and will push its way into Alpine county and Antelope Valley. Stockton is believed to be its ultimate terminus.

Tracks have now been completed to Minden and in view of the great copper activity in Mason Valley it is believed that that country will be tapped soon.

SCHOONER SINKS FROM SIGHT AND CREW IS MISSING

Three Masted Ship Sinks Off the Delaware Coast, But What Accident Caused the Wreck is Not Known by Those Who Discovered Her

WILMINGTON, Del., June 13.—A three-masted schooner believed to be the I. A. Sabin (Br.) 286 tons, Captain Sabin, bound from Norfolk, Virginia, for this port, with coal, was sunk early this morning about five miles off Cape Fear Bar. It is thought she went down in a gale or was in collision with another vessel. There are no tidings of the crew.

CREDITMEN IN CONVENTION

BALTIMORE, June 13.—The eleventh annual convention of the National Association of Creditmen began here today.

DRINKING BY WOMEN CAUSE OF HIGH CHILD DEATH RATE

LONDON, June 13.—The abnormal infantile mortality in England has led to the summoning of a national conference which met in London today under the presidency of John Burns, president of the local government board.

"In the days when there were no canned meats and children were fed naturally," said Burns, "there was no such sacrifice of child life." He believed he would be well within the mark in saying that 100,000 lives are sacrificed yearly through neglect, carelessness and ignorance. Drinking among women, Burns further declared, is one of the most serious tragedies which confront Great Britain. This is daily increasing the mortality of infants under five years of age and constitutes a national reproach demanding immediate attention," he declared.

BURLINGTON RAILWAY IS FOUND GUILTY BY JURY

KANSAS CITY, June 13.—The Chicago Burlington & Quincy Railway Company was found guilty here late this afternoon by a jury in the United States District Court on four counts of granting concessions on packing house shipments for export to the Armour Packing Company, Swift & Co., Cudahy & Co. and the Nelson-Morris Packing Company. The conviction carried with it a fine of from $1,000 to $20,000 on each count.

Judge Smith McPherson, the presiding judge, [illegible] sentencing the defendant until June 23d. All four counts are practically the same.

The Specific Charge

The case of Armour Co., on which instructions were read to the jury, charged specifically that the Burlington on August 17, 1905, accepted a shipment of [illegible] oil from Kansas City to Liverpool at [illegible] that it included a rate of [illegible] cents 100 pounds [illegible] New York where [illegible] the regular tariff at that time was [illegible] cents.

To simplify the case [illegible] Vinval [illegible] Lenbaugh, district attorney for the Government, and Judge O. M. Spencer of St. Joseph, representing the defendant, signed a agreement of facts which was in effect that the Burlington did contract with the packers to carry their product at 23 cents for the distance named or a rate of 41 cents for the whole distance from Kansas City to Liverpool. But half a dozen witnesses were examined, their testimony being largely technical and pertaining to the tariffs in existence at the time covered in the indictment.

No Right to Make Contract

Judge McPherson instructing the jury said that the Burlington railroad had no right to make a contract for a period longer than the established rate of 23 cents should be in force. To have carried shipments for 23 cents after August 17, 1905, when the tariff was raised to [illegible] cents would be considered a concession. The [illegible] Burlington [illegible] the schedule of 23 cents was immaterial.

The jury retired at 5 o'clock and returned with their verdict [illegible].

KOREAN REBELLION IS BECOMING SERIOUS

LONDON, June 14.—The Daily [illegible] correspondent at Tokio [illegible] as follows:

The Korean rebellion is extending. The insurgents have looted Janyang and Sunchang and are threatening other towns. Japanese warships at Yokohama have been ordered to assist the protected cruisers Chiyoda [illegible] the torpedo vessel [illegible] and the torpedo flotilla to suppress piracy on the southeast coast of Korea.

THREE ARE SHOT DEAD IN ROW OVER WOMAN

LOUISVILLE, Ky., June 13.—A visit paid by three men to the apartment of a woman resulted today in the death of all three at the hands of Charles [illegible], W. J. Prince, 26 years of age, W. H. McMichael, 4[illegible], and an unidentified man about [illegible] years of age were the victims. According to Sturgeon's story the three men appeared at the room of Daisy Jackson [illegible] street. Sturgeon denied them admission. According to Sturgeon's statement two of the intruders tried to draw revolvers [illegible]. He opened the door and began firing.

ONE WESTERN MAN EQUAL TO FIVE EASTERNERS

Senator Money Warmly Opposes Passage of the Statehood Bill, Which Finally Carries and Gives Some of His Views on Republican Party

WASHINGTON, June 13.—The Senate adopted without division the conference report of the Statehood bill at 6:20 o'clock this evening.

The report was debated by Senators Foraker, Bailey, Paterson, Money, Du Bois, Morgan, Stone, McCumber and others. Several Democratic Senators intimated that the consolidation of Oklahoma and Indian Territory would inure to the advantage of the Republican party and Money declared that such was the intent and charged further that the legislation was another example of sectionalism. He declared that one western man is equal in all the qualities of manhood to five eastern men.

Senator Du Bois announced his intention to vote against the acceptance of the report because of the omission of the anti-polygamy provision inserted by the Senate and in doing so he took occasion to review his own political experience in dealing with the Mormons, saying that he knew that his stand on the question would result in his enforced retirement from the Senate.

The Senate [illegible] during the [illegible] Senator Millard [illegible] opposition [illegible] bill and also to further debate on the Lake Erie and Ohio [illegible] bill which [illegible] not voted on.

The Senate adjourned at [illegible] p. m.

GOVERNOR FOLK IS QUICK TO REPLY TO JEROME

JEFFERSON CITY, Mo., June 13.—District Attorney Jerome of New York in an interview charged that the St. Louis boodle prosecutions brought the law into disrepute and [illegible] and that the blame for this [illegible] reversed fell on Governor Folk's successor in the office of circuit attorney of St. Louis [illegible]. Governor Folk said today:

"Mr. Jerome [illegible] something else he would not be so desperate in his effort to excuse himself.

"A few weeks ago I [illegible] suggesting that [illegible] him in [illegible] he has [illegible] not violated [illegible] statute [illegible] and [illegible] communication with him on the subject.

"[illegible] cannot be met [illegible] number of [illegible] [illegible] the stamp [illegible] in [illegible] government was [illegible] accomplished.

"[illegible] always been [illegible] [illegible] enough [illegible] [illegible] is easier [illegible] [illegible] American [illegible] the eye of a needle [illegible] [illegible] but his [illegible] should [illegible] be made [illegible] guilty."

NEGROES RELATE STORIES OF ABUSE

Forty Guarded by Armed Men Forced to Work Without Pay Under Threat

ARRESTS OF WEALTHY FARMERS SOON FOLLOW

ST. LOUIS, June 13.—James F. Smith, a prominent planter of Staunton, Mo., was arrested today by Federal officers on the charge of peonage. The accusation is that Smith and others for whom warrants have been issued have been holding negroes in bondage and making them work on a swamp land plantation in New Madrid county.

ST. LOUIS, June 13.—Charles M. Smith and his son Charles H., wealthy farmers who live near Sikeston, who had come to St. Louis on business and for whom warrants on peonage charge had been issued, surrendered themselves to the Federal authorities today. James F. Smith, arrested near Staunton, is a brother of Charles M. Smith Sr.

Other arrests will be made. All of the prisoners will be taken to Cape Girardeau where Commissioner Kage will be asked to bind them over to the October term of the United States Circuit Court.

The warrants were issued on complaint of John Reed and Henry Stokes, negroes, who said they escaped from the 2,000 acre farm of the Smiths and came to St. Louis. They went to District Attorney Dyer and told him that they and forty other negroes including two women whose husbands had deserted them were held prisoners by the Smiths. They said that they were kept in a stockade and that they were guarded by men with rifles and that [illegible] their work.

Federation Makes Demand That Its Imprisoned Officers Be at Once Released on Reasonable Bail—Delegates Appointed

DENVER, June 13.—The Western Federation of Miners' convention today adopted a resolution addressed to Judge Smith of Idaho demanding that he release the imprisoned Federation officials at once on reasonable bail.

A resolution was adopted making charges of disloyalty against Alexander Fairgraves of Mount Helena Miners' Union, Montana. Fairgraves is president of the Montana Federation of Labor. Steps will be taken, it is said, to expel him from the Western Federation.

The following delegates were elected to the convention of the Industrial Workers of the World:

W. D. Haywood of Denver, Vincent St. John of Burke, Idaho (formerly of Telluride); John McMullen of Butte, Mont.; P. R. McDonald of Rossland, B. C.; President C. H. Moyer as ex-officio member of the delegation.

A vote of thanks was tendered retiring Vice-President Williams of Grass Valley, Cal., for his services as acting president, since the confinement of President Moyer in prison in Idaho. The newly elected officers were then installed and the convention adjourned sine die.

The executive board will meet tomorro wto map out work for the organizers and consider matters referred to that body by the convention just closed.

LE DOUX MURDER TRIAL

STOCKTON, June 13.—The spectators who have crowded Judge Nutter's court room from day to day, hoping to hear something sensational in the Le Doux murder trial, have so far been disappointed. Much of the testimony has been of a decidedly technical character.

Almost the entire morning session today was taken up by a rigid cross-examination of Prof. R. R. Rodgers, the chemist who analyzed the tissues from the viscera of the dead man. Rodgers stuck to his declaration, however, that morphine had caused the death of McVicar, and that he could not have possibly been mistaken as to its presence in the tissues examined.

MISREPRESENTED STOCK

COLUMBUS, O., June 13.—The cases of John S. Jones, president, and Thomas D. Fuller, agent of the Jesse Mining Company of Arizona, charged with using the mails to defraud, were postponed by Judge Thompson in the Federal Court today until the December term. The complaint alleges that the value of the stock in the company was misrepresented to purchasers.

SENATOR ALLISON ILL

Alvah P. Clayton of St. Joseph, Mo., Is New Imperial Potentate—Next Meeting Will Be Held in Los Angeles on May 7, 1907

CHICAGO, June 13.—The thirty-second conclave of the Imperial Council, Ancient Arabic Order of the Mystic Shrine, came to an end tonight with the election of officers. The retirement of Henry A. Collins of Toronto, Canada, as past imperial potentate, resulted, according to custom, in the advancement of each subordinate officer, and in consequence chief interest centered in the lowest office, imperial outer guard. There were seven candidates for this office, but after the second ballot, when Dr. J. Putnam Stevens of Lewiston, Me., lacked but three votes, the six other candidates withdrew.

The new officers of the Imperial Council follow:

Imperial potentate, Alvah P. Clayton, St. Joseph, Mo.; imperial deputy potentate, Frank C. Roundy, Chicago; imperial chief rabban, Edward I. Alderman, Marion, Ia.; imperial high priest and prophet, Fred A. Tines, Los Angeles; imperial oriental guide, William S. Brown, Pittsburg; imperial treasurer, Benjamin W. Rowell, Boston; imperial recorder, J. Frank Creat, Fargo, N. Dak.; imperial first ceremonial master, William J. Cunningham, Baltimore; imperial second ceremonial master, William I. Irwin, Wheeling, W. Va.; imperial marshal, Jacob T. Barron, Columbia, S. C.; imperial captain of the guard, Frederick R. Smith, Rochester, N. Y.; imperial outer guard, Dr. J. Putnam Stevens, Lewiston, Me.

The third-third conclave was fixed for May 7, 1907, at Los Angeles.

ONE KILLED IN STORM

HELENA, Mont., June 13.—A special to the Record from Havre, Mont., says the path of yesterday afternoon's hail and wind storm was about four miles wide, and extended at least fifteen miles, moving from the southwest to the northeast. The damage to property was not so extensive as first reported, although by all odds the worst storm in the history of the Havre weather bureau. One man was killed.

Rain Stops Floral Parade and Out-Door Features of Home Coming Week, But Welcome Exercises Are Carried Out Before Great Gathering

LOUISVILLE, Ky., June 13.—While rain today caused a postponement of the floral parade and other outdoor features of the Home Coming Week it was unable to affect the fervor of the greeting extended by Kentucky to her long absent sons and daughters, and the exercises of welcome in the armory were carried through.

Despite the rain the hall was nearly full when Chairman Ford of the reception committee called the meeting to order, fully 10,000 persons being present. Mayor Barth greeted them in behalf of Louisville and Governor Beckham expressed in an eloquent manner the pleasure felt by the people of the State at large in having them back once more. The address of Henry Watterson was, however, the formal note of welcome, and it struck a responsive chord. Governor Beckham and ex-Governor David R. Francis of Missouri also made brief addresses.

Tomorrow will be given over to the memory of Stephen C. Foster, the author of "My Old Kentucky Home." A model of the statute which is later to stand in the new capital at Frankfort will be unveiled and the songs of the composer will be sung by a chorus of 1,000 school children.

DOWIE ON THE STAND

CHICAGO, June 13.—John Alexander Dowie resumed the witness stand today before Judge Landis in the suit brought to establish the ownership of Zion City. The trial was opened by the reading of one of "Dr." Dowie's 1,100 year leases for lots in Zion City by one of Dowie's attorneys. Dowie's first testimony related to the difficulty experienced in getting expert lacemakers from England into the United States. He then recounted in detail the course pursued in getting other industries for Zion City.

McCarey is anxious to arrange a twenty-round bout between the boys to take place before his club the latter part of July.

DEMANDS INVESTIGATION

WASHINGTON, June 13.—Representative Lafean of Pennsylvania presented a resolution today which was referred to the committee on rules calling for an investigation for the navy department regarding the award by it of a contract for thirty thousand pairs of calf shoes at $2.80 per pair when the lowest bid was $2.52.

Killing of Young Mulatto Clerk in Pasadena, Cal., on May 18 Last is Placed at Door of J. C. Jaxon, a Tailor and a Former Employe of His

LOS ANGELES, Cal., June 13.—J. C. Jaxon, the colored tailor of Pasadena now in the county jail here, and his former helper, Peter C. Goldie, have been formally charged with the murder of James A. Logan, a young mulatto clerk, at Pasadena, May 18th last. Goldie was arrested at Brocton, Mass., a few days ago, and is held pending developments. The charge of murder is sworn to by Marshal Reid of Pasadena. The evidence in the case is purely circumstantial.

The body of young Logan was found on the golf links of the Raymond hotel, lying in a ravine, where it had been dragged and partially covered with leaves and grass. Logan's skull had been crushed, his throat cut from ear to ear and he had been stabbed in a dozen places. His body was mutilated in the most fiendish and brutal manner. The motive for the crime is a mystery.

A "puffer" used by laundries, and a small pocket knife both covered with blood, were found near the scene of the crime, and effort has been made to connect these articles with the accused man.

The preliminary hearing of Jaxon is set for next Saturday morning. Goldie is accused of being an accessory to the crime. He is a white man, fifty years of age.

State Senator Hahn of Pasadena is acting as attorney for Jaxon. The clothing which Jaxon had on when arrested is being held by the authorities as evidence and will be subjected to microscopic examination for bloodstains. In response to telegrams from local authorities Goldie today wired a minute description of Jaxon's pocket knife, which the officers are endeavoring to show is the same one found on the scene of the murder. The description wired by Goldie, it is claimed, tallies with that of the knife which was found.

It is understood that the formal charge against Goldie is merely for the purpose of holding him as a witness.

MURDERER IS PARDONED

PHOENIX, Ariz., June 13.—Governor Kibbey today granted a pardon to Otis H. Moore, who was convicted in 1901 of murder in the second degree and sentenced to twenty years' imprisonment. Moore killed a man named Hurrison in Santa Cruz county. He was paroled by Governor Brodie in February, 1905, and is now filling a responsible position in Cananea.

Grand Lodge Closes With Big Banquet

OFFICERS ELECTED FOR COMING YEAR

Secretary C. N. Noteware is Chosen for Twentieth Consecutive Year, as Grand Secretary—Lodge is in Flourishing Condition

THE meetings of the grand lodge of Free and Accepted Masons, were brought to a close last night at Elks' Home in a fitting manner when over 100 members sat down to an elaborate banquet in the dining rooms of the Elks' Home.

There was cause for the good cheer that prevailed during the evening and ample excuse for the congratulatory toasts that were responded to, for the reports which have been listened to in the sessions of the Grand Lodge of Free and Accepted Masons as well as the Grand Chapter of Royal Arch degree show that the orders are increasing in numbers, wealth and good works.

The toasts were the most enjoyed because they were for the most part, spontaneous, and not the usual "cut and dried" effort of after dinner talkers.

Judge A. L. Fitzgerald of Carson City, was toast master and during the course of the evening called on Rev. Samuel Unsworth, grand lecturer, George J. Harris, T. L. Bellam, George A. Gilson and Robert Lewers for responses.

The informal dinner was a splendid closing of the activities of the Grand Lodge session, and the representative men who gathered from all over the state will return to their homes greater enthusiasts than ever before for the teachings of the ancient order of Masons.

Afternoon Meeting

A feature of the afternoon session was the conferring of the order of High Priest on seven candidates by Judge Fitzgerald, who is the Excellent President of the Convention of High Priests of Nevada.

He is also an active member of the Supreme Council of the 33rd degree of Ancient Accepted Scottish Rite of Free Masonry. There are about 33 men in the country who belong to the supreme council and the presence of one of the 33 in the person of the judge from Carson City, who conferred the order on the seven initiates, helped make the ceremonies memorable. Following are the initiates who were taken through the work by Judge Fitzgerald: Charles L. Fulstone, Carson City; Perris Ellis, Carson City; Charles H. Kelly, Carson City; Walter J. Harris, Tonopah; E. D. Vanderlieth, Carson City and Fred Grob and George R. Oliver of Reno.

The election of officers closed the routine business for the day, and resulted as follows:

Walter J. Harris, most worshipful grand master; Robert Lewers, deputy grand master; Charles L. Fulstone, senior grand warden; L. A. Lamaire, of Battle Mountain, junior grand warden; George A. Morgan, of Virginia City, grand treasurer; Chauncey N. Noteware, of Carson City, grand secretary, reelected for the 20th consecutive year.

The newly elected officers were installed by Past Grand Master Judge Fitzgerald and Grand Marshal J. M. McCormack.

After the afternoon recess Grand Master Harris made the following appointments:

Grand chaplain, Rev. T. L. Bellam, Sparks; grand orator, Samuel Unsworth, Reno; grand marshal, M. J. King; grand standard bearer, C. R. Welborne; grand sword bearer, Milo C. McMillan, Reno; grand senior deacon, William N. David, Carson; grand junior deacon, C. C. Maris, Lovelock; grand steward, George F. Parker; grand junior stewart, A. L. Cara; grand pursuivant, R. Battles; grand tyler, A. Jacobs, Carson.

HIGH SCHOOL PUPILS TO RECEIVE DIPLOMAS

At the semi-annual commencement of the Reno High School which will be held on June 25th at McKissick's Opera House, there will be a novel feature presented in the shape of a farce in pantomime called "The Bicycle Lesson." Rev. Samuel Unsworth of the Trinity Episcopal Church will deliver an address to the pupils which will be well worth hearing, and will be one of the interesting events of the evening.

Thesis day exercises will take place at the High School building on Friday, June 22nd.

The following seniors will receive their diplomas on the evening of June 25th at the opera house:

Hazel Larcombe, Ethel Webster, Eugene Nadon, Jessie Evans, Walter Harris, Silas Goddard, Scott Unsworth, Mark Somers, Louis Barber, Ernest Folsom, Ralph Seagraves, Donald Bird, George Curnow.

CHILD MEETS DEATH UNDER WAGON WHEELS

TONOPAH, Nev., June 13.—There is mourning in the home of Mr. and Mrs. Rube Vail over the death of their little four-year-old son who on Saturday last was ground to death beneath the wheels of a wagon. The boy had been playing about the rig while it stood still with horses securely tied. The owner of the wagon however came quickly from a nearby store, started the horses, and before the lad could get his freedom he had been knocked down and the wheels of the heavy wagon passed over his head.

RENO TO BE PERMANENT MEETING PLACE OF GRAND LODGE

JUDGING by the sentiments expressed by many of the members of the Grand Lodge of Free and Accepted Masons, Reno will be made the future and permanent home of the Grand Lodge. This will carry with it the meeting place of the Grand Lodge of Royal Arch Masons who completed their session Tuesday. No definite action was taken to make Reno the permanent meeting place other than the agreement to meet here again next year. But apartments are being arranged for in the Masonic Temple for the accommodation of the grand secretary; and it is believed that, on account of the fine building being erected here by the Masons and the fact that Reno is a center the arrangements will be made, and that Reno will be the permanent home of the Grand Lodge. If this is done, Grand Secretary Noteware will probably make his residence in this city.

RATHBONE SISTERS ELECTED THEIR OFFICERS

At the meeting of the Rathbone Sisters last night a large attendance was on hand to witness the initiation in the order of three candidates and to participate in the election of officers.

There were a large number of visiting Knights and Sisters from other places, and the evening was most enjoyable.

The following members were taken into the order: John Murray and wife, Alfred Sadler and William Durrett.

The election of officers was next taken up and the following members placed in office for the ensuing year:

Mrs. F. L. White, most excellent chief; Miss Dicie Shaw, most excellent senior; Miss Lucy Crampton, most excellent junior; Mrs. Sam Rosenthal, manager; Mrs. Jennie Kerr, mistress of records and correspondence; Mrs. Lizzie Phelan, mistress of finance; Miss Ethel Ziegler, protector; Miss Edith Ziegler, outside guard; and Mrs. Gus Koppe, trustee.

The presence of many of the grand lodge officers from other parts of the State who have come to Reno to participate in the deliberations of that body which meets today, added to the pleasure of last night's notable meeting of the Rathbone Sisters.

A SPECIAL MATINEE AT THE GRAND THEATER

A Unique Performance to be Given Especially for the Ladies Next Wednesday Which Will Draw a Crowd

A matinee of special interest to the ladies of this city will be given at the Grand theater next Wednesday afternoon at 2 o'clock, to which no admission will be charged. It will be novel in its character and in order to secure good seats near the stage the ladies will need to be early in the attendance. Strange as it may seem, the Reno Power, Light and Water Company will give this performance, through Miss Della Roach, a prominent and very successful performer in her particular specialty. That specialty is the demonstration of the wonderful cooking possibilities of the popular Reliable gas range. Many ladies are already happy in this knowledge from personal experience, but there are others, naturally, who are not. To the latter a special invitation is extended to attend his demonstration.

Miss Roach has devoted years to this work in New York city and Chicago as well as in other eastern and western centers, and fairly astonishes and captivates her auditors by the ease, simplicity and quickness with which she prepares on this range the many attractive and tasty dishes which she afterwards serves to those present.

Every moment of the time she occupies is a rich treat and entertainment and demonstrates the fact that for quick, clean, economical and convenient preparation of any food for the home table, there is absolutely nothing equal to the Reliable gas range, sold by the Reno Power, Light and Water Company.

FIRST BUDDHIST FUNERAL IN RENO

Remains of Little Kiyashi Nashima, Infant Son of a Japanese Cook, Laid Away According to Rites of "The Wise One" of India

Reno witnessed its first real Buddhist funeral yesterday afternoon when the tiny remains of little Kiyashi Nashima, the infant son of a Japanese cook, wee laid to rest.

Kiyashi, who was just six months old, died of pneumonia, and being the son of pious believers in the "Wise One" of India, it was deemed proper that he be buried as a true Buddhist should.

The difficulty lay in securing a priest of the faith. There are none in this section of the country; none nearer than San Francisco, where a Buddhist temple reared its pagan head till the fire burned it down along with other institutions, good and bad, in Chinatown.

Some one suggested, Tuesday, to the weeping Mrs. Nashima, whose first born was dead, that old Charlie Gee, himself a pious Buddhist from a Chinese standpoint, would do. Charlie was sent for, and though the role was new, he was willing to attempt the task. His Celestial heart being touched by the grief of Mrs. Nashima.

And so it happened that yesterday afternoon the parlors of Perkins, Oliver & Guilting were crowded with believers in Buddha, who under the leadership of Charlie Gee, went through a modified form of the ancient ceremony.

There was much bowing and kneeling, among the assembled Japanese and Chinese; there was much weeping, too, which was easier understood of Occidental minds than the ceremonies. In fact the Japanese themselves could not understand the words that were being said, as they were uttered by a Chinaman and repeated by their queued neighbors. The Japanese mother and father could only sob, but they expressed mournful satisfaction after it was all over to know that Buddha had been addressed, for they believe that the same Buddha that is knelt to in China and India is God of the Japanese, too.

2706 CHILDREN ARE ATTENDING RENO SCHOOLS

Completed Census for the Present Year Shows Steady Increase in the Number of Scholars at Public and Private Institutions of Learning

The completed school census for the city of Reno shows some very interesting figures as compared with those of a year ago, and also illustrates the steady growth of the Queen City of the State of Nevada. In all there are 2706 children under the age of 21 years attending the schools of this city. Of these the number of boys between the ages of 6 and 18 is 757 and girls between the same ages 842, a total of 1599 and a gain of 139 over the figures of last year.

Under 6 years of age there are in all 461 scholars, between 18 and 21, 306; between 4 and 6, 249; between 4 and 6 attending the public schools, 29. The total number of children attending the public schools is 1207; those attending private schools, 170, and the number not attending any school, between the ages of 6 and 18, is 283.

The number of children between the ages of 8 and 14 at the public schools, 664; between the same ages and attending private schools, 61; and between 8 and 14 not attending any school, 23. Number of deaf and dumb children, 3; no blind.

Of white children there are 2702; negro, 1; mongolians, 3. Those born in Nevada total 1460; born in other states and territories, 1173; foreign, 73.

BERKELEY PUPILS HOME FOR THE SUMMER

Students of the California Institute for the Deaf, Dumb and Blind Arrive in Reno Whence They Will Disperse for Their Vacation

Several of the pupils from the State Institute for the deaf, dumb and blind, at Berkeley, Cal., arrived in Reno last night, and from this city will disperse to their several homes to enjoy their summer vacation.

Though the world calls them unfortunate in the loss of one or more of their senses, the pupils were a happy lot, and not unlike other students who have earned a vacation.

In the party was Miss Hazel Piper, of Virginia City, who is studying piano and pipe organ under Otto Fleissner, one of the ablest musicians on the coast and a graduate of European conservatories. Mr. Fleissner speaks highly of his pupil's talent, and placed her on the programme at the closing exercises when she made a success with her interpretation of the music of the classic writers.

Miss Piper has much to say of the training that is given in music at the college, and of the methods of music writing which was devised by her teacher, and which is read with the sensitive tips of the fingers, in lieu of eyes.

The party which reached Reno last night consisted of Miss Hazel Piper of Virginia City; Miss Maude Murphy, Montello; Earl Lyons and George Phelps, of Reno; Arthur Dick of Virginia City; Willie Stevens of Sutro.

Their vacation will last until August 29th, when the party will be escorted to the college.

WINNEMUCCA BOY IS CALLED BY DEATH

Leo Warren Succumbs to Typhoid Fever at His Home Town—Was Son of Old-Time Nevadans and Was Fitting Himself for Bright Future

Leo Warren of Winnemucca died yesterday in his home at Winnemucca of typhoid fever. The deceased was 18 years of age, and the son of Mr. and Mrs. H. Warren, old-time residents of Winnemucca.

A bright career was cut short in the young man's death. He was highly esteemed among his companions. Had he lived he would have graduated from the High School at Winnemucca this year.

Besides attending to his studies, Leo Warren was employed by the Silver State, where he worked as pressman, and where he was learning to operate the linotype. His employers, the Calkins Newspaper Syndicate, speak in the highest terms of his intelligence and industry, and state that they feel keenly the loss of Leo Warren.

There will be many friends who will join the stricken family in deep and sincere mourning for the untimely death of a promising young Nevadan.

Besides his parents, the deceased leaves two brothers and three sisters. Funeral arrangements are not yet completed, but will take place in Winnemucca.

MARRIAGE WILL BE A SURPRISE TO FRIENDS

David H. Nathan of Tonopah and Miss Georgia Gifford, a Carson City Girl, Are Married in This City at the Congregational Church

Miss Georgia Gifford, a Carson City girl, and David H. Nathan of Tonopah, arrived in Reno from Carson City at 6:30 o'clock last evening and after sitting through prayer meeting at the Congregational Church approached Rev. C. L. Mears and calmly announced that they wanted to be married.

"No," says the bride-to-be, "it is not a runaway match," and the bride groom-about-to-be pulled out a marriage license.

So the couple were married and returned to the Overland Hotel, where they registered "Mr. and Mrs. D. H. Nathan."

While it was not exactly a runaway match, it has many of the delightfully romantic features of one. No one knew they were going, except Mrs. Gifford, who the bride declares was informed of the matter. But her brother and her friends were ignorant of her intention, and the news will be a great surprise to them.

It was not generally known that the couple were to be married, but they made up their minds, and wishing to avoid a public wedding, they concluded the best thing to do was to come to Reno and just get married.

The bride is a well known Carson City girl with a large circle of friends. She was a pupil of the public school there, and had a host of well wishers. The bridegroom is a Reno boy, the son of M. Nathan, a merchant of this city. He has lately been in Tonopah, where he is making a successful career for himself.

The couple will leave in a few days for the latter place, where they will make their home, and in the wish of their many friends, "live happily ever afterwards."

OWNERSHIP OF HORSE CAUSES A LAWSUIT

The case of Mrs. J. O'Brien against J. Melindy was heard yesterday in the Justice Court, occupying the entire day. The case involves the ownership of a saddle horse, valued at about $35. The horse was purchased by Melindy from Russel, who claims to have purchased the horse from an employe of the Anderson ranch, named Sloane. Sloane claimed that the horse came to the Anderson ranch about a year ago and after being kept at the ranch for some time was sold by him.

Mrs. O'Brien claimed that the horse left her premises about one year ago. The horse is valued at about $45 and the costs of the court will amount to about $80. After hearing the evidence in the case it was taken under advisement by Judge Bell and a decision will be rendered later. Attorney Price is handling the case for the plaintiff and the defendant is represented by Judge Jones.

FANCHON THE CRICKET

No better, entertaining or more cleverly constructed comedy drama has ever been put on the stage than this well known play which is based on Geo. Sand's masterly novel of the same name. Dealing with French life and customs of the last century, it affords unlimited opportunities for lavish scenic display and elaborate costuming and these, in connection with a play of such unusual excellence afford an entertainment which never fails to please.

In the hands of the Ruble Theater Co., "Fanchon" is given a superb presentation. The company for ten years has been recognized as amongst the best. The people are clever actors and actresses and every detail is carefully attended to. Special scenery for the productions and accurate costumes are employed, and the result is a performance which enthuses the most blase of theater goers.

This is the company which will play a seven nights engagement at the McKissick opera house, commencing Monday, June 18. The opening play will be "Fanchon," the plays will be changed nightly.

WIELAND PARK NOW IS BOWER OF BEAUTY

O. G. Benschuetz Spends Ten Thousand Dollars in Improving Well Known Resort East of Reno Which Has Been Leased to Daniel Bahnsen

Within the past two months more than ten thousand dollars has been expended in improving and beautifying Wieland's Park on the line of the electric railroad half way between Reno and Sparks. The work was completed this week and the place has been opened for the summer season. O. G. Benschuetz, owner of the ground has spared neither money nor his personal time in making this place a resort where the residents of Reno and Sparks can spend an afternoon or evening away from the noise and strife of the city where rest and enjoyment are assured. It will be strictly a family place, where a man with his wife and children can go if the inclination strikes them, and where they will be treated with every courtesy.

"This is something that has been needed," said Mr. Benschuetz yesterday. "Though well satisfied with the improvements already made I do not intend to stop this year, but will keep adding improvements until Wieland's Park is one of the finest resorts of the kind on the coast."

He has already leased the place to Daniel Bahnsen, who came here from San Francisco several weeks ago to assist in directing the improvements. Bahnsen is a pioneer in this line. He has owned grottos and otherwise has been engaged in this business for more than twelve years. His experience will add much to making the place popular. The fare on the street cars is five cents from either Sparks or Reno. The grounds cover a space of about three acres. The main building occupies one corner. The balance of the ground has been transformed into what can be truthfully termed one of the coolest and most inviting nooks in the county. Flowers, trees, vines grass and shrubbery have been planted in profusion and distributed about the gardens are latticed houses about which vines are already twining. Tables and seats have been placed in these. A concert stand has been erected in the center of the garden, for it is intended to give concerts regularly during the summer season. A portion of the ground has been leveled and it is the intention to erect a pavilion and skating rink on this. Further on Mr. Benschuetz is preparing to bore for hot artesian water. This ground, experts say, is in the center of the artesian belt and a flow can be secured within a few hundred feet. When this is accomplished, bathing houses will be erected and later on perhaps a hotel, thus making the place both a winter and summer resort.

Bahnsen is now preparing a number of features for the new place. These will be announced during the next few days.

WHAT JOLLY?

How to Break Up a Cold

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by all druggists.

SICKNESS IN RENO

More Cases of Illness This Spring Than in Former Years

Physicians and druggists say there are more cases of illness in Reno this spring than in former years. Perhaps there is not so much serious sickness, but spring langor, loss of appetite, headaches, sleeplessness, back-aches, weakness and debility, indigestion and other ills that result from indigestion or an overworked stomach, are more common than they have been for some years past.

This has resulted in an unusual demand for Mi-o-na stomach tablets at The Cann Drug Company's. Before they felt that they could recommend this remedy, they tested it rigidly in many cases of heart-burn, indigestion, wind on the stomach, debility, and other troubles, that result from a weakened digestion, with the greatest success.

In fact, Mi-o-na has been so uniformly successful in curing all stomach troubles that The Cann Drug Company give a signed guarantee with every 50 cent box to refund the money if it does not cure.

WORK TRAIN PUT ON FALLON ROAD

Operations on the Branch Line from Hazen Progressing Very Favorably

The first work train was placed in operation on the new road from Hazen to Fallon yesterday morning and from now on the work will be rushed to completion. Steel is being put in place and it will only be a matter of a short time when Fallon will be connected with the outside world with a broad gauge railroad. A large force of men is being employed on this strip of road by the railroad company with a view to completing it as soon as possible.

The work of ballasting the road between Golconda and Winnemucca is also progressing quite favorably, a large force of men being employed and the gravel being taken from the Perth gravel bed at the rate of 150 cars per day.

ITALIANS ENGAGE IN FIERCE FIGHT

Three Employes of Railroad Have Brawl Yesterday and Get Into the Court

While working for the railroad company yesterday afternoon three Italian laborers, August Angell, Calisto Angeli and Angelo Rici had a disagreement and engaged in a fierce encounter. During the mix-up Rici was struck over the head with a beer bottle in the hands of one of his opponents and received a bad gash over the right eye.

Rici swore to a complaint charging the men with disturbing the peace and they were arrested and arraigned in the Police Court before Judge Pollock. In order to deduce the evidence in the case the services of an interpreter were required, none of the men being able to understand or talk English. After hearing the evidence the men were found guilty and put up a cash bond of $50 for their appearance this morning for sentence.

BURNS AND O'BRIEN ARE OFFERED $10,000

Occidental Club, at Pleasant Beach, Across the Bay From Seattle, is Willing to Hang Up the Purse to Get These Two Fighters in Ring

SEATTLE, Wash., June 13.—The Occidental club of this city has offered a purse of $10,000 for a twenty round contest between Philadelphia Jack O'Brien and Tommy Burns late this month.

The Occidental club is a boxing institution with headquarters at a resort across the sound called Pleasant Beach, and Billy Daily, a former theatrical man, is the matchmaker of the concern.

Daily has had some experience in pugilistic matters and he says his offer to Burns and O'Brien is a bona fide one and that just as soon as the men show some inclination to accept his offer he will deposit with any reputable person they name the entire purse. He will also let the purse go as a forfeit to guarantee that he will pull the match off as agreed and he will expect a cash appearance forfeit of $1,000 from each of the principals, which he will insist on being placed at the time the articles of agreement are signed.

If Daily succeeds in matching Tommy Burns with O'Brien he will accomplish more than the sports think he can. The Philadelphian would no doubt be only too willing to tackle Burns, but it is doubtful if Tommy would care to risk his laurels against what he knows full well would mean certain defeat. The pair met once before in a short contest at Milwaukee and O'Brien made such a sucker of Tommy that the latter has not yet recovered from the humiliation.

Notwithstanding that Burns is not any too anxious for the match, the manager of the Occidental club believes he will be able to bring the pair together and he also believes that he would draw an immense crowd with such an attraction.

CARNIVAL OF SPORTS FOR THE CAPITAL CITY

CARSON CITY, June 13.—At a mass meeting of merchants and other citizens held here tonight it was decided to hold a carnival of sports in this city in the second week of September.

There will be horse racing, auto races for speed and endurance tests, bicycle races; all the gun clubs of the State will be invited to participate in a match shoot. If possible there will also be a prize fight. Egan's presence in the State is regarded as a possible help toward pulling off a good glove contest.

Active work will at once begin to raise funds and make other arrangements for the fall carnival.

FOURTEEN INNINGS GAME IS WON BY FRESNO

McGreggor, the Boy Pitcher, Plays a Brilliant Game Against Portland and Raisin Eaters Win With a Score of Four to Three

PORTLAND, Or., June 13.—After a sensational contest that lasted for fourteen innings, Fresno took the game from Portland today. The game from the start was a brilliant one, McGreggor, the boy pitcher from St. Mary's College, blanking the home team for eight innings, while Garvin held the visitors down to three runs. In the ninth an error by Casey and three singles enabled Portland to tie the score. Neither side had a chance until the twelfth inning, when the locals, with three men on bases, were retired by Eagan's surprising catch of a terrific drive by Sweeney. Portland held down the visitors in the thirteenth, but a two-base hit by Hogan, an error by McCreedie and an inexcusable fumble by Moore in the fourteenth settled the issue in favor of the visitors. Score:

	R.	H.	E.
Portland	3	9	5
Fresno	4	12	1

Batteries — Garvin, Califf and McLean; McGreggor and Hogan. Umpire—Knell.

Seattle, 6; Los Angeles, 2

SEATTLE, June 13.—Vickers struck out sixteen men, and allowed only five hits, two of which were bunts, that should have been handled. McClelland's wild throw gave Seattle a lead in the first inning which was never overcome. Score:

	R.	H.	E.
Seattle	6	11	0
Los Angeles	2	5	3

Batteries — Vickers and Blankenship; Steitz and Eager. Umpire—Perrine.

OAKLAND, June 13.—Oakland had scored seven runs up to the fifth inning today against three for San Francisco. The latter then rolled up six runs in the sixth inning and then won easily by a score of 10 to 7. Ten two-baggers were made during the game. Score:

	R.	H.	E.
San Francisco	10	12	3
Oakland	7	11	3

Batteries — Hitt and Wilson; Cates and Hackett. Umpire—McDonald.

RENO LADS HAVE THE MAKING OF ATHLETES

Informal Exhibition at Wheelmen Club Displays Fine Work Being Done With Boys of This City—Public Performance Being Arranged

The Board of Governors' meeting last night at the Wheelmen's Club was enlivened, after their routine business had been transacted, by a demonstration of the splendid work that is being done under the direction of Harry Gelder in the juvenile gymnasium classes.

A class of about forty husky boys and youths went through an astonishing variety of "stunts," which were done with the ease and grace of professionals. Yet the class has only just been organized, and Gelder says, "you wait; these boys are winners."

They worked on the parallel bars, the "horse," the mat and other of the extensive apparatus that has been provided by the club and in every line they were most adept.

It would seem that though the class which gave the informal exhibition last night numbers forty members, that there are yet many boys who would be greatly benefitted by this gymnasium work, under a man who has had an extended experience in gymnastic work. Under his training there is not the slightest danger of accident, as he watches the youngsters with a careful eye. Another feature about the work being done by the club is the adaptation of the work to the strength of the members of the class. No child or youth is given work beyond its strength, but is led carefully along from one class of gymnastics to the other easily within his physical powers.

The class of last night is a night class, but there are afternoon classes for younger children, and there is no admission fee charged, the only expense being a fifty cent per month fee for dues to pay bare expenses. "These afternoon classes," says Director Gelder, "are doing splendid work and will be a surprise when a public exhibition is given."

Arrangements are already under way to give an exhibition in the near future, when all the classes will be assembled and an interesting evening's entertainment provided under the auspices of the Wheelmen's Club.

BIG COLMA ARENA HAS BEEN TORN DOWN

Earthquake Did Not Improve It and as Lumber Is Bringing Good Price Manager Jim Coffroth Decided to Remove Structure

SAN FRANCISCO, June 13.—The great arena at Colma in which the Britt-Nelson fight was held has been torn down. The ring proper was taken down immediately after the fight and was stored away. The high barricade was rather shaky after the storms of winter and was giving way at various places. Te earthquake did not improve the appearance of the place, but it made the lumber a valuable commodity in the market.

It is carefully piled away and the next few weeks will determine whether it will be used as material for cottages or for another boxing arena. If again erected it will be one some other site. Strange to say, its presence near the county road gave property in the vicinity an increased value.

Adjoining owners hoped that a series of fights would be held there, thus making their property available for peddlers and other hucksters.

The Colma pavilion, controlled by Manager John Coffroth, could be made ready for fights at a few hours' notice. With the adequate street railway facilities now available it seems boxing could be made profitable.

Open Contest
We want a new trade mark and prefer the suggestion for it to come from home.
We will give
$50 in Gold
for the best idea, subject to the following conditions:
The trade mark must be original, neat, striking, emblematic of the Sierra, as well as of the purity and exceptional quality of Sierra Beer.
Each letter must be plainly written on white paper giving a detailed description of the design and enclosing a sketch of the same on a separate sheet of white paper; the sketch need not be elaborate, merely sufficient to convey an illustration of the idea, but must be of uniform size, 5 inches square.
The name and address of the contestant must appear on both, the sketch and the letter.
Contestants whose names appear on the books of the Company as patrons are entitled to three suggestions from one address, all others to one.
The contest will close June 30. A jury of six, including the editor of The Journal, will pass upon the merits of the submitted designs and make the award. The winner's name will be announced in these columns.
Requests for additional information should be sent by mail. All communications should be addressed to

TRADE AND FINANCE IN THE WORLD CENTERS

New York Stock Market Is Still Dull With a General Downward Tendency in Prices—Americans are Irregular in London

NEW YORK, June 13.—In its main essentials today's stock market was but a repetition of those of the early week. Trading was again in moderate volume, fluctuations were for the most part narrow and the bulk of the business was, if possible, even more professional. Of outside interest there was none. The news of the day in detail was not of the character calculated to make for higher prices. The pressure directed against the United States Steel issues today was so persistent as to provoke comment. The downward tendency of thees shares was doubtless accounted for in part if not entirely by the testimony of those in a position to know that the business in all branches of this industry except steel rails is on the decline as compared with the unprecedented activity of the past year.

The greatest weakness was in the Hill stocks, Union Pacific, Canadian Pacific, Missouri Pacific, Chicago and Great Western, Kansas and Texas preferred. Louisville and Nashville and Brooklyn Transit, with similar weakness in numerous industrial stocks. The movements of the foreign stock markets were generally like our own in point of weakness. Americans were irregular in London and little business for that account was done here. Money conditions were without material change, aside from the better demand for over-year loans, which were made at 5¼ per cent, though six months' loans were reported at 4%.

Bonds were irregular. Total sales par value $2,470,000.

STOCKS AND MINES

THE J. M. FULTON BROKERAGE COMPANY

It is one of the singular truths proven during the six years which have elapsed since the first gold discoveries in Southern Nevada that the people who have made the most money, generally speaking, have been the people of the East—those who purchased shares in mines when they were first offered to the public and held onto them until their interests grew into developed, producing, dividend paying mines. There are those who, when approached with a mining proposition, shrug their shoulders and condemn every mining enterprise because they have in the recent or remote past made a mining investment which did not prove to be profitable. Because of a single failure they are out of sorts with the whole mining industry. Everyone has made mistakes in the past, but the persistent investor who uses discretion will find that the balance in the long run is on the right side of the ledger.

We have information from Buckskin to the effect that the Kennedy Consolidated Gold Mining Company of that place is now working forty men on its different properties and that a consignment of sacks has been received in which a carload of ore will be sacked and shipped to Salt Lake as soon as possible. The entire camp is reported to be looking particularly well.

Virginia City stocks show a general decrease in valuation on today's market. Ophir is looking pretty well. Quotations on this stock will be interesting for the next few days, which it. Assessment of 10 cents per share levied on Potosi. Manhattans are a little lower, affording an opportunity for what we consider good investments in these stocks. Consolidated and Dexter are good properties and will sell for much higher prices. Stocks in the Tonopah, Goldfield and Bullfrog districts about the same as shown on yesterday's market; generally inactive.

We are compiling a circular containing notes of interest regarding a number of Nevada's most famous mines. This will be ready for distribution latter part of week, and if you will send us your name we will mail you a copy.

Yours truly,

J. M. FULTON BROKERAGE CO.

BUILDING BIG MILLS

J. R. Atchison, superintendent of construction for C. C. Moore & Co. of San Francisco, is in Reno for a few days, on a business trip. He states that the construction of the two big mills at Tonopah is going on rapidly and that they are destined to be a great "boost" for that country.

A business man went into the Golden Dining Rooms last Thursday to get a good tasty meal. He has been going there every day since. j12tf

STAMPEDE FOR THE NEW MINING DISTRICT

Population at Manhattan Ready to Leave for Country from Which Prospector Returns With $700 Per Ton Ore—Others Notes

Special Correspondence to Journal.

MANHATTAN, Nev., June 10.—The population of Manhattan is on the verge of another stampede for a new mining district. About ten days ago a miner came into town loaded down with samples of ore. He bore marks of having come quite a distance.

He immediately went to the nearest assay office and left his samples. The next morning he had an assay certificate indicating that his samples assayed $435 per ton in gold.

He was not seen on the streets the following day, and it was learned that he left with a team very early in the morning. The next day he again appeared in town with a wagon load of the precious ore. Other assays were taken, and values as high as $700 obtained. He says as soon as he perfects his locations in a few days he will let out the news. Then the stampede will be on for fair.

Manhattan Nevada Gold Mines

Bids close tonight for a 200-foot tunnel to be run into the hill on the Georgey group of the Manhattan Nevada gold mines. This property has been opened up by a series of shafts and cuts, until the ore has been found to be in place and in quantity. The company will now run this large working tunnel to facilitate mining operations, and to crosscut the formation and open up all veins which traverse the company's holdings. This tunnel was recommended by Serat C. Rudra, the company's engineer. The contract is the largest single piece of work that has been let in camp to date, and will add to the great amount of interest that is now centered around the Georgey group.

Union No. 9 Claim

Lease No. 14 on the Union No. 9 claim of the Manhattan Dexter, operated by Briggs and Evans, and lease No. 12 on the same claim, owned by Raycraft and others, are both carrying work forward rapidly. Both of these leases are sinking incline shafts and have hoists erected and in operation. Both shafts are down 175 feet and in the same ore body, being of high grade milling value. Shipping ore has also been taken out and sent away from these leases.

The Raycraft and McLain lease on the [illegible] is down 118 feet and they are now drifting in both directions on the eight-foot vein of high grade milling ore. A hoist has been installed to raise the ore to the surface. This eight feet will mill better than $20 per ton in gold. In sinking this shaft two-inch shoots of ore were encountered, one at the fifty-foot level and the other at the 130-foot level. Both these shoots yielded very fine specimens of free gold. No work is at present being done on these shoots, all forces working on the big vein at the bottom of the shaft.

The shaft on the Cowboy property will be sunk to a greater depth, and work has already been started to that end. This shaft will be sunk below 100 feet and then drifting will be started in both directions on the large vein of sulphide ore which has been encountered. At the seventy-five-foot level, the drift is in thirty feet, all in ore. The vein which is about eight feet in width, will average better than $20 per ton in gold. A crosscut is also being driven from this level to intersect other veins which traverse the company's property, and which yield good values on the surface. One of the finest specimens of free gold was taken from lease 5 on the Cowboy yesterday that has ever been seen in the camp. It was almost solid gold. These rich specimens occur in pockets in this lease and are found at frequent intervals.

A large body of milling ore was encountered on the St. George claim day before yesterday, which will put a stimulus on mining operations in that vicinity. This vein will be about ten feet wide when thoroughly opened up and will average $17 clear across. The feature of the strike is that the values occur in dolomite lime. This character of rock would naturally be thrown over the dump, but in this instance pans very well in free gold.

Mother Lode

A large vein carrying lime spar has just been encountered in the breast of the tunnel of the Mother Lode property at a distance of 146 feet from the mouth of the tunnel. The ore pans very well in free gold, and there seems to be an unlimited quantity of it. The lime spar never fails to give values in this camp, and the company is eagerly at work to see the extent of this new find, and start drifting on the vein. Many good looking veins have been encountered in this tunnel, but this one looks better than any before.

A new vein has been opened up on the Humming Bird claim of the Consolidated Manhattan which appears to be very rich. Samples taken from this vein pan very high, and assay in the neighborhood of $75 per ton. Work will immediately be started on this new vein, and it will be opened up as quickly as possible.

Work in the tunnel is being carried forward in good shape and the ore is looking better than ever. The tunnel is now in 105 feet and the face is all in ore of a good milling grade.

SUIT INVOLVES TITLE TO WHITEHORSE PROPERTY

Action Filed at County Clerk's Office Yesterday by George Z. Smith et al. Asking for Annulment of Deed to Several Claims

An action was filed yesterday by George Z. Smith and others against C. R. Williams for the annulment of a deed transferring a group of five mining claims in the Whitehorse district and the payment of the cost of the suit.

It is stated in the complaint that the plaintiffs gave the defendant a quit claim deed to the mining claims in question in consideration for which he was to form a stock company, place the stock on the market and deed to the plaintiffs shares in the stock of the company to the amount of $5,000. The defendant, it is alleged, further agreed to develop the claims.

It is stated that the defendant formed the Frisco Nevada Gold Mining Company, but failed to deliver the $5,000 worth of stock to the plaintiffs and that up to the present time no work has been done on the claims by the defendant. In view of these facts the plaintiffs ask to have the deed annulled and ask that the defendant be made to pay the costs of the court.

BUYS LONG VALLEY RANCH

M. E. Wightman, formerly of Colorado, left here yesterday for Long Valley, where it is stated he has purchased the Boyle ranch. The price paid is stated to have been $5,500. The Boyle property is one of the finest in Long Valley and comprises about 600 acres.

Unknown Friends

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to their friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists.

The Very Best Remedy for Bowel Trouble

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by all druggists.

EDITORIAL COMMENT

New Passenger Rate

AS announced in a special dispatch to The Journal Tuesday morning, the Southern Pacific has determined to grant a lower passenger rate on its line through this state. The reduction is a clear cut of 20 per cent, or 4 cents per mile as against the prevailing schedule of 5 cents.

That the reduction was made voluntarily by the company, is certainly gratifying, as it can be taken as an indication that the company is more than friendly and is inclined to accord our awakened commonwealth every facility for advancement.

However, the good work should not stop at passenger rates. High as they were, they have caused far less inconvenience than has the matter of freight rates. We can all curtail our traveling expenses, but the matter of freights touches every home and is an indirect tax on every man, woman and child within our borders.

Unquestionably a revision of the freight tariff is a far more difficult problem than those of the passenger department, but the same argument as to its wisdom and justice would apply as well to freight as to passenger rates. The officials give as their reasons for making the reduction in passenger rates, the unprecedented growth of the past two years, which has resulted in greatly increased passenger traffic. They would hardly argue that the increase has affected the passenger department alone, as the increase in population has been followed by a corresponding increase in material wealth, in the creation of new and populous communities, and consequent additions to the tonnage haul of the roads. Nor can it be claimed that this new prosperity is ephemeral, as new country is daily being opened up, while there is no decline in the older settlements.

The Journal believes the time is ripe for a concerted movement among the shippers of the state to ask for a decrease in the freight rates and we firmly believe that if the matter is placed fairly before the officials of the road, it will result in a material revision of the prevailing tariffs.

Although the cut in passenger rates was made voluntarily by the company, it is hardly to be expected that a similar concession will be made on freight unless there is some indication that the people really desire it.

In other words, what is worth having is worth asking for. Now, its it worth having?

THE country owes a debt of gratitude to Muck-Raker Sinclair, the author of "The Jungle" which exposed the Chicago meat packers. His work is doing good that is of world-wide extent. He pointed out the facts and others are doing the rest. Without doubt one of the results will be an adequate and competent inspection of meats, and especially of meat compounds.

FAIRBANKS, Alaska, was destroyed by fire on the same day that a newly established town farther north was christened Zeroville. The first town was named after our honored vice president. The latter, perhaps, after his normal temperature.

Effects of Publicity

SO much has appeared in the dispatches anent the so-called "muck-raker" and the tendency to exaggeration in the publication of alleged facts incident to the exposures of the questionable methods employed by "captains of industry" in amassing their collossal holdings, that a word about the work of the newspapers and magazines will not be amiss. Never before in our history has the wealthy scoundrel preying upon community or individual life, found it so difficult to make his peace with his wronged victim. Disguised under the corporation name they have been immune from public censure. The phrase "a corporation has no soul" no longer serves to shield the rascals. The strong light of publicity has been let in on the dark by-ways of these predatory and all-devouring concerns and the public has been permitted to see the live individual who pulled the strings that operated the frightful bogie. In the unmasking many a man who has posed as an immaculate business man and a sterling citizen, has been shown up to be a commercial pirate whose operations could no more bear the searching light of publicity than the highwayman or the thimble-rigger at a circus. Acting as they did under authority of laws they themselves had passed through corporation owned legislatures there was no way in which they could be reached criminally, and public censure and ostracism was the only weapon still left for their punishment in the hands of a robbed and defrauded public.

Today there is a public sentiment abroad, and growing steadily, which of itself is presenting more intangible fears to the criminally disposed millionaire than are all the tangible influence which the mills of justice may invoke. Within the last two years there have been striking examples of this fact shown in the many cases where exposure of criminal methods has forced the criminal to become a suicide, to break down and die of his shame and humiliation, or to live on dully in the light of a publicity in which he withers to the eyes of all men.

Perhaps the man with the muck rake has delved too industriously. At the same time were it not for this initiative in the exposures of crookedness and graft taken up by the newspapers of the country it is a certainty that none of the dull records and technicalities and shiftings of the courts of law could have brought about a condition in which the exposed criminal could become his own judge and his own executioner because of public sentiment. To the average citizen of the country a court of record with all its records, is a terra incognita. Without the interpreting newspaper a court's millings and grindings suggest the catacombs to those not actively interested in matters at bar. And silence may be the cheapest of purchasable immunities.

Within two years, however, publicity in the public press has done more in prevention of the predatory raids of the millionaire than have all the penalties that have been inscribed in the criminal code.

A PENNSYLVANIA railway official has been unearthed who never accepted a dollar's worth of coal trust stock. It is probable that he preferred his kindly remembrance in cash.
